Re: noon press conference, for your thoughts:

Members of the policy team **in the Governor's Office** ~~staff~~ met with the demonstrators to hear their concerns. **North Carolinians are deeply connected to the land, and environmental stewardship is critical to economic development.** DEQ spent months asking the pipeline developers tough questions during the permit **application process** ~~questions~~. ~~They~~ **and** will continue to hold the pipeline **company** accountable **by** insisting on clean water, effective sedimentation control and high air quality along the path of ~~the~~ construction.
